

Cambo Pigs

We saved up our money to buy a pig ark for the pigs. It was made of recycled plastic. It is Good for the pigs because it is warm in the winter and cool in the summer

They like sleeping in the straw. Mrs. Brodie gives us the straw when we need it. Lucas

Our pigs are a rare breed. They cum from Fontburn rare breed centre. They cost £50 each. We had a bring and buy sale to afford them. They are vey friendly and like playing football George

Jony brought the pigs from the farm in a trailr. We had a presentation for the pigs. They sqeled all the time it. Lucy

We had a piggy sweet instead of campan to celebrate. The pigs run around and around and around and around. They had never been in such a lovely place. Samantha

Cambo Pigs

We have a rota for feeding the pigs and the hens. You have to follow the rules otherwise you can make the pigs poorly or you can make foot and mouth happen. This is really bad as we had foot and mouth on our farm and we had to have all our sheep and cows killed.

Jack

The food is in the garage so the rats and mice can't get it. But they try really hard. Once a mummy didn't put the lid on properly. We went to get the food and a mouse jumped out Mrs. Cummings had a fit!

Ella

We chered when the pigs cum it was exciting and fun. But we are still going to eat them. Even if they look nice. Cos we are giving them a nice home and good food as well.

Joseph my dad is taking them to the slaughterhouse

Matthew

Cambo Pigs

We designed lots of posters to keep the pigs and the children safe. We put them all round the pens so people aren't silly when they are around the pigs

Gina

We have to feed them every day and make sure they have clean water. Sometimes if it is hot we make them a muddy hole to sit in. They are clean but then they are very dirty. But pigs are clean

William

We do a check on the pigs all the time. Nanette is a vet and if we see something we let them know.

Holly
