Agenda / Minutes

Manners and behaviour in the hall

Children have been reminded to use their manners at all times and to respect all adults. Good manners cost nothing at all. Dawn has made a lovely lunch and just a smiley face and a thankyou and a please can make everyone feel good. Everyone needs to be respected. Be respectful to adult and children and yourself. Also less chatting and more eating!

Do your jobs in to keep everyone safe

We are still going to have separate lunches until September which means everyone has to do their job in taking away their plates and cups. Don't just leave them on the table no one wants to have to touch things that might have germs on them. We are supposed to be keeping everyone safe. This included knives and forks and spoons too! Make sure you clean your plates properly as well too many people not using the spatula and some people not even bothering to clean their plate at all. This is just not on! It is not fair.

Rules outside especially for the vehicles

Some children are not using the vehicles properly they are not taking turns or they are going to fast on the vehicles and then having accidents or they are causing damage dunching into the school. You only get one turn around the track and then you have to let someone else have a turn. If there is no one in the queue then you can keep going but only then. You must not push anyone on a vehicle unless they are going up the hill, especially when we get the new tractor! If you don't listen and keep on damaging the school then we might have to put the vehicles away for at least a day! Then you will be sad.

People in the Y4 wood

The grown ups have agreed that xxxx might want to go to the woods and he is allowed to choose one Y3 person to go with like xxxx. But everyone else in Y3 is not allowed to come in the Y4 wood as well. Only that person. Y3 will get to go in the woods when they are in Y4.

Summer Menus

We will now be using the summer menus with our choices. Let Dawn know if there is something you really don't like and she will offer you something else. Dawn wont make you something else just because you fancy a change.

AOB

The water fountain. The water fountain is going to be removed when we have the toilets done in the summer. Do children continue bringing water bottles in or do we need a new fountain with the big bottles on top? We will talk about this next time.

Choice of sandwiches. Could we have extra choices of sandwiches like peanut butter/chocolate. Mrs Cummings explained that we do not have nuts in school for lunches and asked if this is a healthy option. We think this is not a good option but xxx mentioned barbeque chicken and asked if that could be available. We will talk about this next time as we had to close the meeting.
